ACCURATUS 201
USB Black Slim Keyboard with Palm Rest

Hypertec Part Code: KYBAC201R-USBBLKHY

About

The Accuratus 201 from Ceratech is a full size 105 keyboard but with some of the 'fat' removed.
The 201 benefits from heavy weights distributed throughout the board, which give the 201 a solid feel and providing positive key feedback.

The 'edge to edge' keys make the 201 ideal where a full size keyboard is required but where space is limited. As with all Accuratus keyboards it uses ultra reliable membrane technology and laser etched keys to ensure the characters remain fresh throughout the products' life.
